Office use only

## This is your receipt.

### What does this receipt do?

This receipt will allow you to track your vote to make sure it counted. Your ballot will contain a set of confirmation codes that will enable you to do this. The codes are arbitrarily assigned—they won't show others how you voted. Participation in this election verification step is entirely optional.

### How do I use it?

Every candidate you vote for with the special marker reveals a confirmation code in the bubble you marked. If you wish to track your vote, simply write down these codes in the space provided on the right (in any order). When you cast your ballot, you can tear off this receipt and take it home.

After the election visit [scantegrity.org/oclug](http://scantegrity.org/oclug) for further details.

**Write down your confirmation codes in the space below:**
